

What does Hamas want?

All we want is a homeland...

Have you been naughty or nice?

...on ALL the land from the river to the sea (replacing Israel)

...without Jews

...without gays or lesbians

...without full rights for women

...without sharing Jewish holy sites with Jewish visitors

...without full religious freedoms for non-Muslims

...without acknowledging any personal responsibility for violent acts I commit against innocent civilians, including fellow Palestinians

...without stopping the fight to kill Jews anywhere they may live in the world
